

Finance Council Minutes

June 22, 2017

We discussed and reviewed the key policy form. Dan agreed to take the form to the parish council for their review. The council talked about the importance of speaking with Ben regarding the codes for the new locks.

Buildings and grounds:

- Mike Corr was going to check out the basement of the church after a big rain to see if the leak had stopped. He will report back at the next meeting.**
- Joe Keenan is investigating any possible roof issues with Ledger roofing. Mike Corr is going to follow up with Joe about his progress.**

Parker Moore agreed to represent the finance council on the buildings and grounds committee.

We discussed the need for wall staining above the new offertory gift table. It was reported that a parishioner lifted the marble off the table stand. Mike is going to look at it to see if it needs regluing.

Also discussed was adding into the budget an extra 5% to put into a growth fund for capital improvements. Julie Moore is going to check with the diocese to find out if they allow a separate account for a growth/capital improvement fund.

The finance council worked on the preliminary budget worksheets and the final budget will now be prepared by Julie.

Julie said the annual parish financial report will be ready by end of July/middle of August.

Our next meeting will be July 20, 2016 at 6:00 p.m.
